

Leadership summit (Grade 6 and 7)

The Leadership Summit has been developed for women in management roles (Grade 6 and 7) looking to demonstrate the “leadership potential” required to progress on to a senior Civil Service role. It is a practical programme that supports participants to understand the importance of networking and sponsorship, build personal brands and improve their communication skills - all of which is set out in a career plan with clear goals.

Description

Leadership Summit is an accelerated development programme specifically designed for women in management roles (Grade 6 and Grade 7) who are looking to take their next career step to progress on to the SCS. The programme is fast paced, delivered over 3 days where participants receive intensive personal advice, information, skill training and support focused on understanding the barriers to career progression and how they can be overcome.

What's the outcome?

Attending the Summit will help you feel more confident and in control of your career. You will learn the importance of building a personal brand and how to deliver powerful authentic communication that articulates your value. You will develop an understanding of your leadership style and its impact on others and will become better at planning your career with the confidence to take on stretch roles that will help you to achieve the goals outlined in your career plan. You will also establish a great network with ongoing support to sustain the new behaviours learned.

What does it involve?

Before attending the programme, you will join a virtual briefing session to meet your fellow delegates, providing the opportunity to build relationships and share ideas.

During the Summit itself the broad range of topics covered could include: Personal branding and narrative; goal setting and career planning; personal impact and acing interviews; recruitment of sponsors and building of strategic networks; and confidence and resilience building. The Summit also includes two dinners with senior female role models. Following attendance you will also benefit from a private session with a career coach to support your career plan progression.
